## August 2007

Greetings Fellow Modelers,

The August 2007 meeting is upon us and we hope to see all the progress on the many projects everyone has been working on. We will also be launching our very first \$5.00 dollar Chow line, Again! (AKA Breakfast). Please don't panic, coffee and donuts will still be offered at the meeting as usual. All I know is, if the Chow line is not up, Dog-pile on the Ferk will be enforced, and that's all I got to say about that. For those of you that missed the last meeting we are now meeting at the Burbank VFW, known as the “Ship” at the Burbank VFW post 8310 on Saturday August 4, 2007 from 9:00 AM to 12:00 noon. VFW phone and address (818) 842-1739 - 1006 W Magnolia Blvd, **Burbank**, CA. Parking at VFW is similar to that of the Moose, parking on Magnolia and the side streets. Please do not park in the back, as that is reserved for the VFW members. If you need additional directions, visit our website to view the map. For those of you savvy computer guys, you can print the map.

This month's featured Demo will be sponsored by the Notorious Rick Abbo. Rick will demonstrate his various techniques on producing lifelike trees and vegetation, for those of you that were not present at one of our last meetings at the Moose lodge, Rick brought in various sorts of trees that he created using the simplest of materials, They looked very cool and that's when Ken Schwartz went in for the kill and scheduled Rick for this upcoming Demo. Rick was kind enough to overcome a scheduling blunder that had absolutely nothing to do with yours truly whatsoever, (“Ken Schwartz”) forward and upward that's what I always say.

We will review the upcoming IPMS Nationals event, we will also be reviewing the website reviews that were promised but not delivered, and I know that we are all busy but I know that you can pull off a simple review. We can set up a date for photography if that's what's holding you back, but let's get this thing going. Our website is just ready to burst! And of course our amazing raffle table that is second to none (George Apollo Creed-Pasadena modelers) If you have not been present lately, you have been missing out on some great raffle prizes, so what makes you think that we were going to stop now. Our usual Shits and giggles section with none other than the Speaker of the Stage “SS” Wolfgang “Wolfie” Landgraf and his word of the month, show and tell, and a new section that will be added to the meeting I like to call “What the hell makes Ken Schwartz Tick”? If you know him you love him, if you don't you find yourself asking, “What the hell makes Ken tick”? You can ask him in person this Saturday August the 4<sup>th</sup> 2007. I hope to see you all there.
