JANUARY 2008

Happy New Year fellow modelers,

The time has come, our first meeting of the year is this Saturday January 5, 2008 at the Burbank VFW Rain or shine. You know where, Same time, same place, same parking and same old moldy Coffee and donuts. We will not have Breakfast due to the limited number of members that participate in the Breakfast program. We will give you an update at the meeting.

As for the demo program, we will have Mr. Ken Schwartz show us a new demo that he has added to his long list of demonstrations. Ken has been tooling around with the 1/35th scale Mini Art building sets and he has been completing some very impressive buildings. These kits are Vacu-formed and come complete with plastic accessories that are molded on a sprue. Some of these kits even include some graphic sheets for paintings and rugs. At first glance they look kind of cheap, but once you find out the secrets to completing these kits, you will definitely be satisfied with the end results. Don't miss this demo it will be a good one!

We will have yet another great Raffle table, and the usual ole BS session with the Wolf.

We will discuss the website and hopefully our web designer Luis Solis will be present to answer all your questions. This meeting will also serve as a good luck send off to Peter Ferk, If you haven't heard, peter will be on assignment in China for the next 5 Months, so we will have plenty to discuss before Peter leaves.

That's all for now, I hope to see you all on Saturday.

Marcelo Fuentes
Minister of Propaganda
